

A C E N D I O

THE ASSOCIATION FOR COMMON EUROPEAN NURSING DIAGNOSES, INTERVENTIONS AND OUTCOMES

CALL FOR ABSTRACTS

12th European Conference of ACENDIO

28-30 March 2019

eHEALTH AND NURSING Preparing the Profession for the Future

Dalarna University Falun, Sweden

“eHealth” is defined by the European Commission as *“The interaction between patients and health-service providers, institution-to-institution transmission of data, or peer-to peer communication between patients and/or health professionals. Examples include health information networks, electronic health records, telemedicine services, wearable and portable systems which communicate, health portals, and many other ICT based tools assisting disease prevention, diagnosis, treatment, health monitoring and lifestyle management.”*

Conference Theme

The 12th European Conference of ACENDIO will explore worldwide eHealth innovations in nursing, describe best practice and look for evidence of how these innovations address: ethics and eHealth; adherence on health technology-enabled interventions; big nursing data research, semantic heterogeneity of data elements and data warehousing; decision support systems for nurses and inter-professional teams; safety and quality of care through assistive devices; education in information technologies; virtual learning; state of the art research on electronic health records (EHR) and eHealth models; usability and effectiveness of IT support to enhance health care.

Conference Subthemes

1. Impact of and evidence for these technologies in relation to: ethics and eHealth; patient adherence and empowering; examples of big nursing data research evaluating nursing diagnoses, effectiveness of interventions and patient outcomes; research on interoperability and usability of data; examples of meaningful decision support for practice; enhancing care quality and patient safety by assistive devices; educational models and evaluations; results and effectiveness of usable EHRs and models; effectiveness and efficiency of IT devices to support the health care team.
2. Regular ACENDIO themes such as: documenting nursing care; use of nursing diagnoses, interventions and outcomes; nursing terminologies and languages; nursing classifications and minimum data sets (NMDS) within e-Health.

The official language of the conference is English. Abstracts must be submitted in English.

Submission of abstracts

We invite you to submit abstracts for the conference according the following guidelines:

1. Abstracts must be submitted electronically by 12.00 CET on June 30, 2018 via the ACENDIO abstracts link (<https://easychair.org/conferences/?conf=acendio2019>).
